Is your pet on medications? Yes ___ No ___ Have you supplied your pet's medication? Yes ___ No ___

Name of medication and dosage: _____ Last Dose given: _____

Have you supplied your pet's food? Yes ___ No ___ If yes, what portion and feeding schedule? _____

Pets must have a current physical exam (within the past 12 months) with a MAH doctor, have written proof of current vaccines, and be free of fleas, ticks and intestinal parasites. Dogs must be current on Rabies, DHPP and Bordetella (within 6 mos or 12 mos). Cats must be current on Rabies and FVRCP. For the health of all boarders, guests found with external or internal parasites will be treated at the time of admission. Owner is responsible for fees.

- **Medical Illness Policy:** All pets that board at MAH are under the supervision of a licensed veterinarian during business hours. Any pet experiencing a change in routine may exhibit symptoms of stress. If your pet becomes ill or develops any medical conditions such as diarrhea, skin infections, ear infections, etc., an exam and treatments will be performed at the doctor's discretion. We will make every attempt to contact you, but in the event you are unavailable, **treatment will be provided at owner's expense.** We do not want an illness to go untreated.
- **Mohnacky Animal Hospital is not a 24-hour facility.** Pets are left unsupervised during non-business hours. Boarding check-in and check-out is **only** during normal business hours.
- **If any pet is not picked up within 14 calendar days after the day the pet is scheduled for pick up, that pet shall be deemed abandoned.** Mohnacky Animal Hospital will notify the appropriate agency for relinquishment, according to California Civil Code Section 1834.5, Abandoned Animals.

Opt Out: Check this box if you do NOT want your pet's picture or names displayed on our website, Facebook, Twitter, or any promotional materials. We love sharing our pictures with other pet lovers!
